1. Dogs participating in In Board Training must have all required **vaccinations** or proof of protective titers for the following: Rabies, DHPP (Distemper, Hepatitis, Parainfluenza, and Parvovirus) and Kennel Cough (Bordetella). A copy of proof of vaccinations or titers must be presented before In Board Training begins. Dogs must also be on a **heartworm preventative** and a **flea and tick preventative** and the owner must provide these medications for the dogs if they will be required during the course of in-board training.
2. **In Board Training tuition is due in full before the stay begins.** Availability in Teamworks Dog Training In Board Training is limited, and will be released to clients on our waiting list if payment has not been received by the first scheduled day of training. The tuition for In Board Training is **\$1000 per month for Basic Manners training** and **\$45 per day for refresher training**. ****Long-coated dogs are \$1100 per month, which will include daily grooming and a professional grooming appointment before the dog returns home.*** The rate of **\$35 per day for "Stay & Play"** (play sessions, no training sessions) is available to staff members, and family dogs of "alumnae" of the In Board Program.
3. ***Each month** of In Board Training will include a total of **30 personalized one-on-one training** sessions with a Teamworks Instructor, **up to 3 baths/grooming sessions as needed***, One-month training will also include a Gentle Leader, if needed. **PLUS a one half hour follow up session** with the owner after the dog arrives back home (to be arranged by the owner). The owner may be given a **published training book(s)**, if applicable, instead of a follow-up session (for owners who opt for training books or who live more than one hour away from Teamworks). Training goals are set by the owners using the *In Board Training Profile Form*. Training sessions will be customized to the dog's attention span and interest level.
4. **Each day of refresher training** will include an average of **1 session per day** (*which may be grooming as a session, if needed). Training goals are set by the owners using the *In Board Training Profile Form*. Trainers will devise an individual training plan for each dog based on the owner's goals. Training sessions will be customized to the dog's attention span and interest level. Long-term training goals will not be achievable in short refresher periods, but rather, behaviors that have been previously taught will be reviewed with the dog.
5. In Board Training also includes care and feeding, occasional field trips, regular exercise and play, treats, and interactive toys for the dog. In Board Training may include a rotation of different Teamworks trainers, for diversity in training experience.
6. In Board dogs will live in the trainer's house and will interact with the trainer, the trainer's spouse, the trainer's employees, other in-board dogs, and the trainer's dogs as appropriate. **For this reason, absolutely no outdoor-only dogs will be accepted into the In Board program (unless the goal is to get the dogs to live in the house at the end of the program).** In Board dogs may travel with the trainer to different locations like pet stores, parks, and occasional dog shows. **For this reason, dogs must be crate trained prior to beginning in-board training.** Socialization will include new people, dogs, places, things, sights, and sounds.
7. Each week the owner will receive a written report of the day's training sessions and a videotape with highlights from the week's training sessions. Owners should review the weekly DVDs and written reports and to provide the trainer with feedback by telephone. The first DVD should arrive within a week and half of the initial pick up date. (The DVD and report need to be created and mailed before the owner receives them.)
8. **The Trainer will provide:**
 - A crate suitable for the dog's size and feeding dishes
 - A Gentle Leader training collar or Easy-Walk Harness if needed

13. **Follow-Up Training**
- Owners should schedule a follow-up training session one week after the dog arrives home. This can be done by scheduling an in-home consultation and arranged by calling 919-855-0422. The follow up session is included in a one-month training session.
 - It takes dogs some time to re-acclimate to their environment and some time to settle down emotionally from the absence. Owners should expect to give their dogs time to greet the family before beginning training.
 - The owner will be expected to continue to train the dog in the same manner than was demonstrated on the DVDs. Dogs will need to be rewarded for good behaviors, just like in the in-board training sessions, but the frequency of and type of reward can be varied, as will be detailed in the first week's training notes. If a Gentle Leader is used in the training program, the owner will be expected to continue using the Gentle Leader.
